

The Caroline County Code requires ten (10) hours of Continuing Education in order to renew a Master or General Electrician License. The credits must have been taken within the two (2) years prior to renewal. Listed below are agencies to contact which offer Continuing Education courses. Courses must be on the 2008 National Electrical Code only. The Board has final approval of all classes. Even though a contact is listed does not mean that all courses offered are approved by this Board. If a course is offered by someone not on this list, please contact us at 410-479-8100 for more information.
